HIGH-QUALITY SNUFFLE MATS LOVED BY ALL

Tough, dense, **ANTI-BITE WEBBING** snuffle mats
of different difficulty levels

Snuffle mats and toys help stimulate a dog's brain by using their scent skills to hunt for treats and or food within the mat.

Snuffle mats are great for cognitive ability building and mental stimulation and are based on olfactory canine enrichment.

Pet experts claim that 10 minutes of snuffling is equivalent to 1 hour of physical exercise.

We do not claim that dogs do not need physical exercise anymore, but mental stimulation must be part of a dog's daily enrichment.

FEATURES

Mental Enrichment

- Builds cognitive and problem-solving abilities
- Mimics natural environment by making dogs work for their food
- Compensates for physical activities for bad weather days

Energy Releaser

- 10 minutes of snuffling is equivalent to 1 hour of physical activities
- Releases pent up energy, anxiety and stress
- Curbs undesirable behavior owing to excess energy

Training Tool

- Great tool for impulse control & distraction from undesirable activities
- Promotes focus and rewards good behaviour
- Great obedience training aid for command training

Slow Feeder

- Foraging / Hunting / Scavenging behavior helps to eat slowly
- Reduces the eating speed by 5x – 10x for food guzzlers
- Prevents choking, bloating and indigestion

Snuffle Training

Multiple places to hide treats / food in the pizza slices and inside them

Tight webbing delivers a challenge in looking for treats

All are hand-made and no two are the same.

All models are proudly designed in Canada.

More designs will become available in Autumn 2022 shipping permitting.

PetDreamHouse

Interactive

Unlike stationary slow-feeders, pets actively engage with the bowl's moving and interchangeable components providing a moderately different feeding experience at each meal. These game-like feeders keep dogs/cats entertained during meals while also exercising their minds.

Multi-function

The functional parts can be fixed or adjusted in height to offer more variations. Or simply flip it over to create a whole new option!

Interchangeable Parts

The rotating parts can be easily replaced with new designs. Not only your money is saved from buying another complete unit, but also up to 50% plastic used are saved from making them!

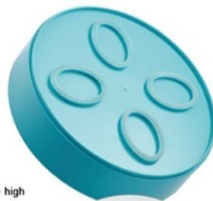

Anti-skid and suction cup base

The SPIN comes with four large anti-skid rings to provide high stability. The double suction cup (purchased separately) can be also applied to stop the bowl from being pushed around.

High Quality

Human standard food-grade materials, BPA-Free, PVC-Free. Dishwasher safe (top rack). Freezer friendly.

Taking slow feeding and enrichment to the next level with the award-winning **SPIN** and **PAW** ranges!

An Eye-Catching PAW

Slow feeder paw-shaped platter for dogs designed for stimulation and paced eating. Come with two sizes. Large 36x30x3cm. Small 20x18x3cm

Interactive:

The PAW Slow Feeder slows eating by dividing up a dog or cat's food into multiple shallow compartments where food is dispersed wide vs deep.

Anti-Skid

It comes with four large anti-skid rings to provide higher stability than standard rubber dot designs.

Non-Tip

There is no lip or edge that the dog could use to flip the PAW Slow Feeder.

High Quality

Human standard food-grade materials, BPA-Free, PVC-Free. Dishwasher safe (top rack). Freezer friendly.

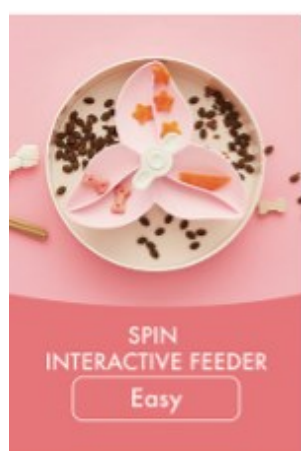

One SPIN Interactive Feeder bowl can be combined with any other interchangeable SPIN accessories to create variety and make the feeding process easier or more difficult.

All SPIN accessories are made from 50% recycled plastic (PCR) and can be used in an Interactive Feeder.

SPIN products are innovative and award-winning pet feeders that turn mealtimes into fun, slow-feeding games! The dynamic SPIN interactive Feeders include a round base bowl and an interchangeable spinner. The SPIN range encourages behaviours such as sniffing, licking, and problem-solving with an EASY to a TRICKY level of difficulty. The functional parts can be fixed or adjusted in height and resistance to offer more variations – or simply flip the accessories over for a whole new feeding option!

Each bowl has a multi-functional centre puzzle element that can be adjusted in height to offer variation or flip it over to create a whole new option. Each bowl has four large anti-skid rings to provide high stability.

The PAW 2-IN-1 Slow Feeder & Lick Pad combine 3 products: the slow feed bowl, the Lick Pad and the suction Lick Pad which can be used on any even surface such as glass, shower wall etc.

PAW 2-in-1 Slow Feeder & Lick Pad combo features a unique slow feeding plate and a removable textured licking mat. The combination provides a game-like eating experience that keeps pets happy and healthy!

The PAW 2-in-1 Slow Feeder & Lick Pad combination is a fun and unique paw-shaped slow feeding dish with an interchangeable PAW Lick Pad with suction cup backing. The PAW Licki Mat can be used in conjunction with the slow-feeding plate, or as a supplemental treat time activity.

The Mini is perfect for pups, small breed dogs and cats

Time for all dogs to GO NUTS with the amazing Goughnuts!

Made in the USA, GoughNuts specializes in making **durable dog toys for tough chewers** that are safe and fun to play with.

Goughnuts are made from 100% natural rubber, designed, and moulded in the USA.

We are here to challenge the toughest chewers with the Heavy-Duty Range...

And as many of the brands, we stock... Goughnuts come with our One-Time Replacement Guarantee.

RINGS

FEATURES

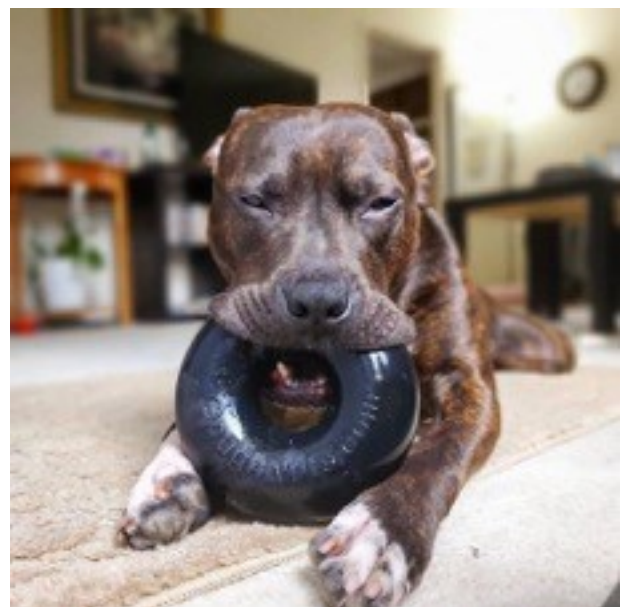

- ✓ The Goughnuts Ring Dog Toy is designed to give pups and dogs a safer, tougher chew toy.
- ✓ This natural rubber ring is made in the USA using engineered carbon reinforcement.
- ✓ Each Goughnuts toy has two layers — the outer colour indicates the strength and the inner core is always red to serve as a safety indicator. Red means stop, so when a dog chews down to this red layer, you know it's time to replace the ring.
- ✓ The Goughnuts Ring bounces, rolls, and even floats, so it can stand up to extreme games of fetch and all types of outdoor play.

No dog toy is truly indestructible, so always supervise and have removed from playtime if pieces would be chewed off.

SEAFLEX™ DOG TOYS

NEW NEW NEW

FUNNL – SLOW FEED & Dynamic chew toy

BUILT FOR MODERATE CHEWERS (tougher than ZogoFlex Echo)

West Paw® and Earth Animal® teamed up to design the dynamic chew duo for dogs—an enrichment toy that holds a [No-Hide® Chew](#) and takes its gnawsomeness to a wholesome new level. Together, they create dopamine-boosting stimulation that dogs crave, need, and love.

Dog owners will love that SNORKL® is:

- Designed for interactive and bond-forming slow feed and chew toy
- Perfect toy for high-energy dogs
- Floats in water and has an ocean-inspired texture
- Built for moderate chewers and tested for toughness
- New swirl technology means every colour is as unique as a seashell
- Made in the USA with Seaflex™; a blend of 12% recycled ocean-bound plastic and 88% zero-waste Zogoflex®
- Safe & Non-Toxic: BPA Free, Phthalate Free, Latex Free, & FDA Compliant
- Oceanworks® Guarantee ensures the ocean-bound plastic material meets guidelines for source authenticity, supply chain transparency, and social and environmental compliance.
- Backed by our 1 Time-Replacement Guarantee

TOYS FOR TOUGH CHEWERS

Zogoflex is USA-made, recyclable, non-toxic, dishwasher safe, floatable, and 100% guaranteed.

Since every Zogoflex toy is brilliantly designed for a specific purpose, our Zogoflex collection meets the many different needs of pets and their people.

QWIZL – TREAT, PUZZLE & SLOWFEEDER TOY

BUILT FOR TOUGH CHEWERS

This award-winning toy was brilliantly designed to extend the life of expensive dog treats while keeping dogs busy. The side openings release scent and taste while the continuous interior hole allows treats to extend out. Flexible ridges grip multiple sizes of treats. One of our toughest dog toys, Qwizl is also fun to toss, fetch, and chew even after the treats are gone. The curved shape makes the toy easy for dogs to hold in place with paws

Dog owners will love that Qwizl® is:

- Top Rack
Dishwasher safe
- Latex-free
- FDA-compliant
- Covered by our
One-time
Replacement
Guarantee
- Made in the U.S.A.

TUX - TREAT & SLOWFEEDER TOY

BUILT FOR TOUGH CHEWERS

The toughest WEST PAW treat toy, Tux has stood the test of time and up to some fearsome fangs. Nut butter, biscuits, and meaty bits all get gnawed free whenever a dog is near. Creating a Tux-cicle is a great way to keep dogs cool in hot months. Simply fill with broth, gravy, or wet food and freeze. Tux is also fun to toss, fetch, and chew even after the treats are gone.

Dog owners will love that Tux is:

- Top Rack Dishwasher safe
- Latex-free
- FDA-compliant
- Covered by our One-time Replacement Guarantee
- Made in the U.S.A.

RUMPUS - CHEW TOY

BUILT FOR TOUGH CHEWERS

Built for tough chewers, West Paw's newest and most-durable dog toy is so strong some say it has muscles. With three chew lobes, this extra-durable toy also rocks and rolls to keep dogs engaged. Tested for toughness, Rumpus bounces on land and floats in water making it great for interactive play inside or outside the house. Made from the same extremely durable material as West Paw's other Zogoflex chew toys, Rumpus is meant for dogs who need to gnaw.

Dog owners will love that Rumpus is:

- Top Rack Dishwasher safe
- Latex-free
- FDA-compliant
- Covered by our One-time Replacement Guarantee
- Made in the U.S.A.

Note: Medium size unit is best suitable for Larger dog breeds

JIVE BALL

BUILT FOR TOUGH CHEWERS

The most durable toy we make, we are not exaggerating when we say this is the best dog ball around. With an erratic bounce that keeps dogs busy, Jive makes fetch way more fun. Small Jive fits in a standard ball thrower and is safer and tougher than a tennis ball. The bright, easy-to-spot colours make Jive easy to retrieve in snow, streams and pretty much any outdoor situation.

Dog owners will love that JIVE is:

- Top Rack Dishwasher safe
- Latex-free
- FDA-compliant
- Covered by our One-time Replacement Guarantee
- Made in the U.S.A.
- floats

ZOGOFLEX TIZZI - CHEW & TREAT PUZZLE TOY

BUILT FOR GENTLE CHEWERS

This cleverly designed treat toy for dogs has multiple functions. Stuff its compartment full of dog's favourite treats and twist the handles to keep dogs busy working to get the treats out. After the dog has figured out how to dig out their dinner, toss it in the air for a fun game of fetch. The aerodynamic shape makes it fly further than typical treat toys and is terrific for a tug.

Dog owners will love that Tizzi is:

- Top Rack Dishwasher safe
- Latex-free
- FDA-compliant (meaning it's safe to eat off)
- Covered by our One-Time Replacement Guarantee
- Made in the U.S.A.
- Floats

ZOGOFLEX ZISC FETCH TOY

BUILT FOR GENTLE CHEWERS

This high-flying frisbee is lightweight yet tough. The Zisc is gentle on dog's mouths; it's soft, pliable, floatable, and flies far.

Dog owners will love that ZISC is:

- With its curled edges, Zisc is easy to grip for both humans and dogs, perfect for fetch and tug.
- Forgot your dog's water or food dish? Simply flip Zisc over - it doubles as a travel bowl.
- Flies faster than a fabric frisbee plus it floats.
- Non-toxic & Top-rack Dishwasher Safe
- Made with zero-waste and recyclable Zogoflex® material in Bozeman, Montana
- Backed by our One-Time-Replacement Guarantee™

SENIOR DOGS**

RUMBL - SLOWFEEDER & TREAT TOY

BUILT FOR MODERATE CHEWERS AND HOURS OF PUZZLE FUN

Super bouncy and crazy fun, West Paw's treat-dispensing, puzzle dog toy, Rumbi, encourages healthy play. Rumbi's unique "fish trap" opening makes for easy loading yet keeps food inside. Doubles as a slow feeder: large fit two cups of kibble, small fits one cup. Superior durability and hollow construction make this puzzle toy's springy material heaven to a dog's chompers while its playful wobble adds to the excitement and increases engagement.

Dog owners will love that RUMBLE® is:

- Has a playful wobble to sporadically dispense treats.
- Available in two sizes to fit a wide range of snacks.
- Made in the USA and dishwasher safe (top rack)
- Covered by our One-time Replacement Guarantee
- Made in the U.S.A. with non-toxic materials, latex-free, BPA and Phthalate-free

**ORBEE-TUFF® RASPBERRY**

The Orbee-Tuff® Foodies line features an array of fruits and vegetables made from a durable TPE material that can withstand tough chewers who can enjoy the added bonus of treats as they play!

Brain stimulating - Interactive toys

Orbee-Tuff® Mazee® is engaging, rewarding and **clearly** is the clear alternative in interactive puzzle toys, Offering hours of long-lasting, brain-stimulating entertainment. The pliable Orbee-Tuff® outer shell combined with the harder inner maze activates several of the dog's senses – they can hear, see, and smell the treats while they solve the puzzle. Stuff with treats & enjoy!

This toy is intended for puzzle play, not chewing. Not to be left with dogs unattended. Made in the USA, non-toxic, recyclable, easy to clean and 100% guaranteed. This toy is not rated on the Durability Chew-o-meter scale.

Puzzling

Roly-poly

Brain stimulating toys are an essential part of a dog's daily play routine that contributes to their overall health and wellness

In addition to the Orbee-Tuff® chew & fetch toys with Treat-Spots®, we have a family of toys that represents a fresh take on the stimulating puzzle craze. These toys are designed to activate dogs' minds and energize their play, not to chew. Guaranteed to stimulate, spark, and be exciting.

Perfect for ALL size dogs!

Orbee-Tuff® Guru®

This ultra-durable interactive toy features 5 different openings to hide treats. Once treats are buried in the openings, dogs will have to chew, squeeze and work to release them.

This toy is designed to release treats only when the dog has applied enough pressure for them to pop out! The texture of the Guru ball is gentle on the dog's gums as they furiously work to get a strong enough grip to release treats. Fill each opening with something different or load it up with your dog's favourite treat. Works great with kibble, venison tendons, carrots, apples, peanut butter or whatever else your dog goes crazy for!

ORBEE-TUFF® Guru

Size I Size (100mm)

Range Blue PR-00490

Chew-o-meter Rating: 5

MENTALLY STIMULATING & DURABLE DOG TOY

The Orbee-Tuff® Guru will keep your dog busy as they engage with this rewarding treat-dispensing toy. Durable TPC material is soft enough on the gums yet strong enough to withstand tough chewers.

As with all Planet Dog toys Guru is made with Planet Dog's signature Orbee-Tuff® material, meaning it is made in the USA, durable, completely non-toxic, buoyant and is as safe for humans (even babies) as it is for dogs.

BOUNCES & FLOATS

The Guru interactive dog toy is both buoyant and bouncy so it can be used in games of fetch whether playing near grass or water.

ENDLESS OPTIONS!

This toy is specifically designed to be linked together allowing it to transform into different shapes for different levels of difficulty.

ORBEE-TUFF® LINK

The new face of interactive fun! Meet Link, a sleek and modern translucent toy designed for dogs to see and smell their treats all while working to get them out. This toy is specifically designed to be linked together allowing it to transform into different shapes for different levels of difficulty. The options are endless!

Regardless of how big or small the dog is, they will toss, flip, and shake with joy as they try and get their treat out. As a bonus, Link works great as a slow feeder.

The Planet Dog MAZEE, SNOOP and LINK are intended for interactive play, not chewing. Not to be left with dogs unattended.

TOYS

LIKER - BALL

The uniqueness of the LIKER is its material that allows the combining of the best properties of toys for dogs of different materials (rubber, plastic, nylon, and cotton).

Many people struggle to combine a busy life with providing their dog with sufficient physical and mental stimulation. Thus, dogs get bored and become destructive, they might get anxious or become reactive. A good fun workout with a LIKER ball will help prevent this.

SUPER FEATURES

THE SAFE ALTERNATIVE to a tennis ball! It can be locked in a ball thrower! No more swallowing fluffy fabric and ending up at the vet - no more balls being destroyed in 2 minutes.

The LIKER is **LIGHTWEIGHT** and manoeuvrable. It cannot break the window or knock down an object, in contrast to a heavy tennis ball.

The LIKER **FLOATS** and is almost entirely above the water surface.

The LIKER is exceedingly **DIFFICULT TO LOSE!** The orange is easy to see for us, even on the most overcast day. The unique LIKER material is **NON-TOXIC**.

DOESN'T INJURE - The material is elastic but soft.

LIKER BALL

Colour	Orange	

PULLER-RINGS

PULLER is an interactive device for dogs and owners. Many people struggle to combine a busy life with providing their dog with sufficient physical and mental stimulation. Thus, dogs get bored and become destructive, they might get anxious or become reactive.

The uniqueness of the PULLER is that it can provide the necessary workout in a noticeably short amount of time. Just three simple exercises for 20 minutes are comparable to 5km of intensive run.

SUPER FEATURES

Made with high-purity polymer. It is **LIGHTWEIGHT** and therefore allows small dogs and children to use it as well.

ODOURLESS, has no smell.

DOESN'T INJURE the dog's teeth and gums as the uniqueness of the material allows teeth to sink. in the material, the shape and properties of PULLER persist for a long time.

NEW from the makers of PULLER & LIKER

PitchDog FETCH RINGS

Tug it... toss it... roll it... float it! There are so many ways to use the PitchDog rings to keep your dog mentally stimulated and physically challenged.

The PitchDog rings are made from a unique proprietary material (not rubber) that is safe, non-toxic, scentless, lightweight, durable, strong and does not damage or wear down your dog's teeth and gums. The resilient material lets your dog's teeth sink deep inside it, without the toy losing its shape and strength.

Main advantages:

- Ergonomically designed for good grip
- Floats
- Lightweight
- Durable & strong
- Soft on teeth and gums

The PitchDog rings are not intended to be used as an unsupervised chew toy.

Available in 2 sizes and 4 colours:

PitchDog BARBELL - Dumbbell

PitchDog Barbell-Dumbbell for retrieval dog training made of a unique and safe material guarantees the owner and his dog an active game while walking in nature or playing on the water.

Designed for everyday play and workout. Due to the softness of the material, it is suitable for outdoor and indoor games.

It is lightweight and exceptionally durable. It does not hurt the gums and teeth of the dog during the game. And it is completely odourless.

PitchDog helps you to spend with your pet a lot of unforgettable, cheerful, and joyful days while taking care of the health of the dog in a game form.

Main advantages:

- Unique material
- Harmless for teeth and gums of dogs
- Floaty. It is visible from the shore.
- Safe for the health of dogs
- Dogs like it.
- Odourless
- Suitable for games and workouts.

Recordable Buttons

For hours of Enrichment fun with pets

Teach a Dog, Cat or Bunny to Talk With Buttons

(<https://www.akc.org/expert-advice/training/how-to-teach-your-dog-to-talk/>)

Pet owners often wonder what their pet has to say or is thinking, now is the chance to find out.

Pet owners can learn how to teach their pets to talk with buttons. Using recordable training buttons is a fun way to increase the communication that families already have with their pets. It is also something that, with a little bit of practice, every pet can use to communicate at least basic things like wanting some food, a walk or to play.

Step by Step

The thought of teaching a pet to “talk” via communication buttons might sound daunting but at least on an initial basic level, it is something that many animals should be able to master. The key is patience and consistency. Rushing the process would likely get your pet pushing buttons but not necessarily really understanding the meaning behind the button they push.
